2:20pm-2:40pm	Break (tea, coffee, pastries)
2:40pm-3:30pm	Guest speaker: Professor Jennifer Puck "Population Based Newborn Screening for Disorders of T Lymphocytes"
4:00pm-5:00pm	Guided tour of the BML and the Reserve
5:30pm-5:50pm	John-Marc Chandonia "Cool Technology in KBase"
6:00pm-7:00pm	Dinner (at the Dining Hall in the Housing Enclave)
7:20pm-7:50pm	Steven Brenner "Lab Update"
9:00pm	Informal Discussion

Saturday, April 18th

8:30am-9:30am	Breakfast (in the Dining Hall) <small>*Please arrive at the beginning of the serving time</small> Pack your own lunch
10:00am-11:00am	Mohammad Sahraeian "Integrating Genome-Scale Measurements and Evolutionary Information in the Protein Function Prediction"

11:00pm-11:20pm	Break (tea, coffee, pastries)
11:30pm-12:20pm	Guest speaker: Professor Hiten Madhani "Investigations of a Human Fungal Pathogen Reveal New Principles of Eukaryotic Biology"
12:30pm-4:30pm	Lunch and group team building activities at the Doran Regional Park 201 Doran Beach Rd, Bodega Bay
5:00pm-5:50pm	Courtney French "Is Most of Our DNA Junk?"
6:00pm-7:00pm	Dinner at the Dining Hall
7:30pm-8:30pm	Lab Responsibilities Discussion
8:30pm	Informal Discussion

Sunday, April 19th

8:30am-9:15am	Breakfast (in the Dining Hall) <small>*Please arrive at the beginning of the serving time</small>
9:30am-10:00am	Qingqing Wang "From Woolly Bears to Fruit Flies: What Does Innate Behavior of Insects Tell Us"
10:10am-10:35am	James Lloyd "What Makes a Good CV?"
10:35am-11:00am	Break (tea, coffee, pastries)
11:00am-11:20am	Roger Hoskins "Sequencing Genomes"
11:30am-12:00pm	Max Shatsky "The Seeds of Life"
12pm-12:45pm	Pack, check out, depart
1:00pm	Lunch at Sandpiper Seafood 400 N Highway 1, Bodega Bay
2:30pm	Departure to campus or home
